↪ IUMI / IACS Working Group (Roberto Spanu – LPC Member)

## 4. General purposes about Loss Prevention

- ↳ Loss prevention as:
- vector of profitability
  - management of the expertise
  - think tank / a real laboratory for the industry
  - virtuous circle (win / win solution)
  - **key/support for innovation**

- Innovation should not be without:
- any accompanying measures
  - loss prevention / risk control / loss control / risk management measures

- AI
- Data / Tech
- Tracking solutions (CLAS)
- Improvement of sea routes vs weather
- Wind propulsion ships
- Remote surveys (technology)
- Etc etc
